INCORPORATED

PFL N95 respirator

Ultimate Protection

NIOSH N95
FDA approved
(as surgical mask)
ASTM Level III

One-Size-Fits-All

To help you reduce costs and inventory, the N-95 Respirator uses the exclusive Magic Arch/Positive Facial Lock "one-size-fits-all" design. This unique design feature permits the respirator to be "custom fit" to virtually any face, no matter what shape or size.

• **Integral Magic Arch®** — Provides a larger breathing chamber with no restriction of downward vision as duckbill or cone masks do.

• **Positive Facial Lock® (PFL)** — Allows total facial closure for "custom fit" on any size face

• **Saves inventory space, cannot be crushed when stored, as duckbill and cone respirators can, and is easy to carry with you.**
